Outside Public Still Refuse to Manifest Any Interest and Operations Continue Wholly in Hands of Professionals.

NEW YORK, Feb. 19.—The outside public still refused to manifest any interest in the stock market to-day, and operations continued wholly in the hands of professional traders. This element made an attempt to force a continuance of last week's reaction, using as their main argument the drain being made upon the cash resources of the banks.

To-day's statement of Sub-Treasury operations showed a loss already since February 16th to that institution of \$1421,000. This showing helped the bears in an early raid on the market, which wheel out the opening gains and carried prices generally below Saturday's closing level. One or two stocks suffered from individual causes and helped on the reaction. Pacific Mail, People's Gas and Third-Avenue showed continued weakness, and Pennsylvania was depressed on reports of a new car trust involving many million dollars.

The bears did not succeed in bringing out any large offerings, and were driven to cover on the development of aggressive strength in several stocks, including Sugar, Rubber, Chicago, Indianapolis and Louisville; Tobacco, General Electric, Laclede and Third-Avenue, The most potent factor in the raily was the very large increase in earnings from the second week in February shown by a number of railroads. Norfolk and Western made the most striking exhibit, with an increase over the corresponding period of hast year of \$132,585, which is very nearly 30 percent. This resulted in very large absorption of the stocks at an extreme advance of 21, and had a sympathetic effect on all the bituminous coal-carrying railroads; contributing to the rally in Pennsylvania and Baltimore and Ohio, Toledo and Ohio Central showed an increase in earnings of 75 per cent, for the second week in February, These evidences of the large demand for bituminous coal-carrying railroads; contributing to the rally in Pennsylvania and Baltimore and Ohio, Toledo and Ohio Central showed an increase in earnings of 85 per cent, per the southern group Louisville and Nashville made a showing for the week wh

the cloise, but held quite firm hear the top.

Business in honds showed some falling off in volume, and price changes were mixed. Total sales, par value, \$1,885,000. United States old 4's and 5's advanced ½ and the seconds ½ in the bid price.

Total sales of stocks were 333,200 shares, including Atchison preferred, 10,850; Baltimore and Ohio, 10,625; Burlington and Quincy, 5,875; Nortolk and Western, 45,575; Pennsylvania, 5,230; Ontario and Western, 5,500; Southern Pacific, 6,850; Union Pacific, 14,230; American Seel and Wire, 12,600; American Tobacco, 24,755; Brooklyn Rapid Transit, 11,550; Sugar, 23,610.

SOCIAL AND PERSONAL-

"Books of the Year" was the subject of discussion at the Woman's Club yesterday afternoon, and the theme was most interestingly handled by Mr. William Crump Tucker and Rev. W. Meade Clark. Mr. Tucker spoke of the nction of the year, and told the surprising fact that fifty-two hundred American books were published last year, 25 per cent, being fiction. Mr. Tucker gave brief but excellent reviews of "David Harum," "Janice Meredith," "Isabel Carnaby," "Prisoners of Hope," "Richard Carvel." "Via Crucis." and "When Knighthood Was in Flower." Rev. Mr. Clark spoke on blography and travel, and dweit on the question. "Was any author born to live during the last year?" The answer came that if there were one that one was the poet, Stephen Philips.

Tea was served by Mrs. Wellford Reed. Mrs. Shields. Miss Cummins, and Mrs. Warren. The guests of the club were Mrs. Tucker, Mrs. Clarke, Mrs. Caperton, Misses Delia and Nellie Tompkins. "Books of the Year" was the subject
